Forecast for Saturday 01 Apr 2023

Weather: Cloudy with the odd post of rain overnight. A largely dry and cloudy morning but perhaps a little brightness in places. Cloud lowering in the afternoon with outbreaks of mostly light rain or drizzle developing. The rain will gradually fizzle out through evening.

Chance of cloud-free hill tops above 600m: 30% becoming less than 10% in afternoon.

Low cloud and visibility: Extensive cloud and fog above 600m at first but lowering to 300 or 400m in the afternoon. Below the cloud, mainly good but occasionally down to a few km at times in rain or drizzle in the afternoon.

Meteorologist's View

Good navigations skills will be required for those venturing onto the tops and high moors on Saturday, especially in the afternoon. Also, note the chilly conditions on the tops with damp weather adding to the cold feel.

Recent rainfall: measured at Cat & Fiddle: altitude 511m
